

Changing Your Student Media Server Password

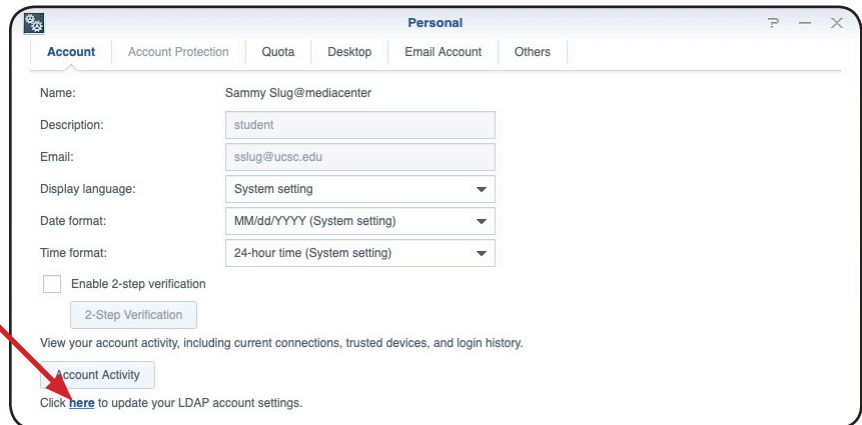

1. Log in to a computer at the Press Center and open Safari.

2. Go to the address “192.168.1.15:5000”.

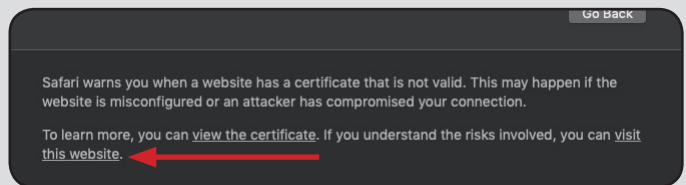

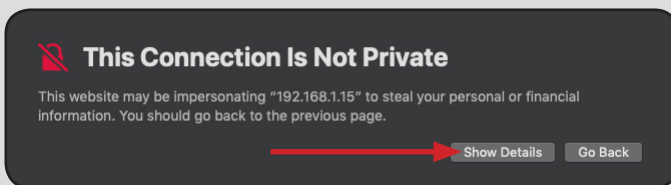

3. Sign in using your server username and password.

4. Click on the  icon in the top-right corner, then click “Personal”.

5. Click on the link to “update your LDAP account settings.”
This will open a new tab.

6. If you receive the warning “This Connection Is Not Private”, click “Show Details” then click “visit this website”.

7. Sign in again using your server username and password.

8. Enter your new password, confirm, and click “Update”.

9. Return to the first tab, click on the  icon in the top-right corner, then click “Logout”.
